Tectyl® Shelf Life List

Tectyl® products can be categorized as follows: waterbornes, solventbornes, and oils. The shelf life of the product will vary depending on its chemistry. The shelf life begins at the date of manufacture. In most cases products will last beyond the stated shelf life. However, it is recommended that any product that is beyond its shelf life be examined prior to use.

Oils

Tectyl[®] Shelf Life

The Tectyl[®] line offers many diverse products for today's manufacturers. These products are sectioned into three main categories. These categories are Waterbornes, Solventbornes, and Oils. The shelf life for each is as such:

| | |
|---------------|----------|
| Waterborne: | 6 Months |
| Solventborne: | 2 Years |
| Oils: | 2 Years* |

*Please note that after the 2 years have passed on the oils category, the product may be tested for certification of an additional year.
